

Erasmus Academy Summer Language Program 2021

Biblical Hebrew Online **May 24 – July 15, 2021 (8 weeks)**

Purpose

This intensive course is designed for undergraduate or graduate students preparing to take the Biblical Hebrew proficiency exams for masters and PhD programs, and for any other college student, adult or motivated high school student desiring to acquire a year of college Biblical Hebrew in eight weeks. It provides a thorough presentation of Hebrew grammar and introduces the student to expository prose, with the emphasis on reading and translation. No previous knowledge of the language is required. The objective of the course, approximating a full year of university instruction, is to bring the student to an intermediate reading level of Biblical Hebrew. Following this course, the student would be in a position to enroll in a second year college or graduate school Biblical Hebrew class.

Course Structure

As a distance learning course, students may take this class from any location or from the convenience of their home. They will need to have access to the Internet. The course meets in *real time*: students log on at specific times and are expected to attend all scheduled sessions. Each student participates fully in each class by listening to the instructor and repeating, translating sentences and posing questions. Lessons are accompanied by PDF slide materials and learning activities (including occasional songs and dialogues) developed by the instructor that are meant to engage the students in a creative, accessible, and relevant way. In addition, the instructor will provide recommended practice assignments and quizzes to accompany lessons.

The 8-week course meets two times a week (Mondays and Thursdays), 6:15 pm-9:15 pm EST; it comprises 48 hours of instruction. Each 3-hour session includes grammar, strategies for analyzing Hebrew sentences, vocabulary & verb review, sight-reading, and quizzes. The class will also investigate various topics related to the study of the Hebrew Bible. These are intended to introduce students to the tools and resources necessary to successfully exegete the biblical texts, and to shed light on the history of Biblical Hebrew and the context out of which it emerged. Presuming 4 hours of outside preparation for each hour in class, 30 hours (6 + 24) a week should be available for study.
